

# THE PORTICO LIBRARY

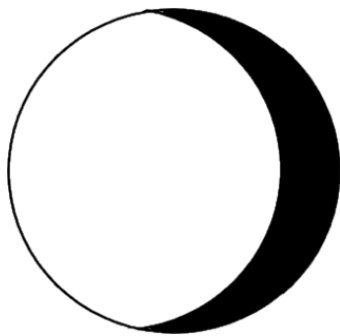

There are 8 different stages in the cycle of the moon! Can you fill in the different shapes, using the full moon to guide you? On the other sheet you can draw your own moons, with some real types for inspiration!

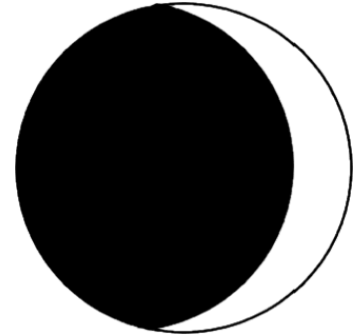

Full Moon

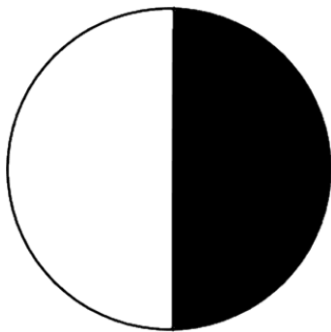

New Moon

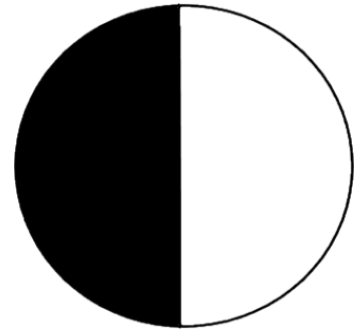

Waning  
Gibbous

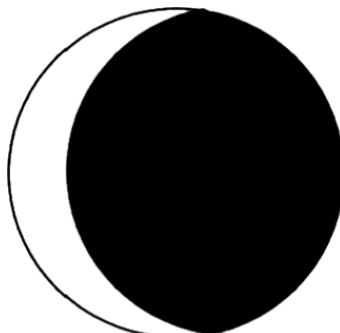

Waxing  
Crescent

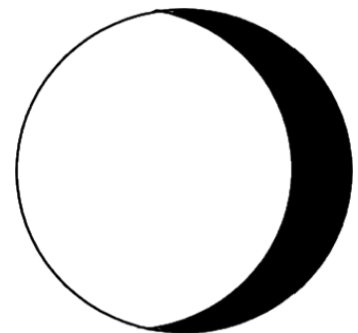

Last  
Quarter

First  
Quarter

# THE PORTICO LIBRARY

Draw your own moons, at any stage in the cycle!  
There are some real types of moon to guide you,  
or create your own!

Make sure to give them a name!

These are all real types of moon!  
What do you think they  
should look like?

- Flower moon
- Strawberry moon
- Beaver moon
- Cold moon
- Wolf moon
- Blue moon
